

Have you ever stopped to think what a luxury your medicine cabinet is? It's a calming, soothing, comforting place that promises relief from headaches, fever, pain, itching, inflammation, insect bites, and the cuts and scrapes of daily life. For many of us, even the smell of a band-aid box is comforting. What we sometimes overlook is the reality that not everyone gets to have a medicine cabinet.

The Open Cabinet is a service designed to share the comfort of a medicine cabinet with our homeless neighbors. The idea is simple—all you need to do is pick up an extra box of aspirin, bandages, or other products off of the list below whenever you are shopping. Your church will help gather this offering of love and compassion and arrange for delivery to the Room in the Inn at the Campus for Human Development. The Campus will distribute these over-the-counter medications and supplies based on need. The types of medications that we are asking for are all safe, over-the-counter medications that you might very well have in your own home.

Your support of this program will bring direct relief to others' suffering. When you don't have a place to rest, a headache, upset stomach, or un-bandaged wound can become a great burden. The Open Cabinet is an easy and powerful way for you to make a difference in the lives of our homeless neighbors. Open your heart and help us open the cabinet for everyone.

- Acetaminophen
- Alcohol wipes, swabs
- Allergy relief- Benadryl
- Antacids
- Anti-diarrheal
- Anti-itch cream
